REPORT ON SEMINAR

"My Story-Motivational Session by Successful Innovators"

6th December, 2021.

The Management Department and College Innovation Cell organized the seminar on "MY STORY-MOTIVATIONAL SESSION BY SUCCESSFUL INNOVATORS" on December 6, 2021. The programme started at 2:00 pm. The eminent speaker of the seminar was Mr. Harinder Singh Hundal, Director from Aemyo. The focus of the seminar was to provide motivation to the students. The welcome address and introduction of the speaker was given by Komal Kapila, Student of Management Department.

Mr. Harinder Singh Hundal, started with the quote "Don't go for temporary motivation, go for your drive". He discussed that everyone has his own definition of success; certain people are successful by their own imagination which means human mind is always prone to his imagination. He gave so many motivational examples which motivated audience a lot. At last he told that how could we find where we are wrong? We can find that by implementing a formula "RTTVPPP" R stands for "REGISTER", T stands for "TOTTALITY", T stands for "TIMBER", P stands for "PITCH", P STANDS For "PACE", P stands for "PAUSE".

Dr. Lakhvir Singh, Principal BBSBEC shared his views of the seminar at the end and honoured the speaker with a momento. After that the seminar ended with a vote of thanks by Dr. Manpreet Kaur-President of College Innovation Cell.

REPORT ON SEMINAR
ENTREPRENEURSHIP SKILLS, ATTITUDE AND BEHAVIOUR DEVELOPMENT
ON 3rd DECEMBER, 2021

The Department of Management Studies and BBSBEC Innovation Cell organized the seminar on "ENTREPRENEURSHIP SKILLS, ATTITUDE AND BEHAVIOUR DEVELOPMENT" on December 3, 2021. The seminar was attended by Management students and Faculty members. Dr. Lakhvir Singh, Principal, BBSBEC, formally welcomed the speaker with a bouquet. The seminar focused on the development of skills of entrepreneurship and behaviour development of the individuals. Dr. Raminder Singh Uppal- Professor at Baba Banda Singh Bahadur Engineering College, Fatehgarh Sahib was the eminent speaker.

He focused on two main words "LOVE" and "FREEDOM" and understanding for love and freedom in real sense -for ultimate success. In his lecture, he discussed that Freedom is all about inner space and outer space. The preconditioning leads to enslavement, which means dependent on others. Preconditioning related to love is a common misunderstanding, in order to understand love; you have to focus on yourself. Love refers to the feeling of being related to all, responsible towards all, giving to all in continuity and self-verification leads to freedom. Thus, conditioning leads to imagination and imagination leads to the attitude and behavior of an individual.

The programme wound up around 12:00 noon. The vote of thanks was given by Dr. Manpreet kaur-President of College INNOVATION Cell.

How to increase the chance your work is cited?

2. **Make your research papers freely available to online (Open Access) audiences.** Make sure your work is listed in online repositories is a good alternative. This could be for instance your own university repository or X|A, Academia.edu, Research Gate etc. You don't need to use all of these services, just pick one or two and make sure you keep them up-to-date.
3. **At the very least ensure that you have a Google Scholar Citation profile.** Unless your name is very common, it only takes a few minutes to set it up and it ensures that everyone can find an up-to-date list of your publications.
4. **Attend conferences, present your work and talk to people.** Don't just hang out with your friends. Volunteer to participate in, or even organize, Professional Development Workshops, act as a discussant or session chair. It gives you the opportunity to introduce yourself to a dedicated and captive audience, give them a few lines about your own research and impress them with your comments and organizational skills. Be sure to have copies of your papers ready to share with participants and attendees who may be interested in reading and ideally citing your work.

Designs

A design is a form of legal protection granted to the ornamental design or structure of an item.

Jewelry, furniture, beverage containers and computer icons are examples of objects that are covered by design.

The design owners are provided with a limited period of protection generally lasting for a time period of 15 years.
